A wooden-framed mirror is the central focus, reflecting a still life scene. To the left of the mirror is a tall, clear glass vase filled with dried, pressed flowers and greenery. The mirror's reflection shows a dark, oval-shaped tray resting on a blue and white patterned rug. The rug features a complex geometric and floral design. In the foreground, a portion of a colorful, patterned cushion or fabric is visible, featuring a mix of blue, green, and white floral motifs. The entire scene is set against a background of a rustic, light-colored stone or brick wall.

Yves Fouquet Sales Terms

Agreement to Terms

By placing an order, the client confirms their agreement with the stated sales terms.

Right to Cancel

The client may cancel the order only in written form and by any convenient means, at least 20 days prior to the scheduled delivery of the furniture. In the event of cancellation, the advance payment is non-refundable.

Custom Orders

Furniture made to custom specifications (color, dimensions, detailing, adaptation to interior needs) is not eligible for return or exchange. The cost of custom orders is calculated individually. Design preparation is billed separately, and, upon mutual agreement, the design cost may be applied toward the final order payment after signing the contract for the production of custom furniture.

Choice of Color and Degree of Aging

The client may select any shade from the standard palette (approximately 40 colors) and one of three standard aging finishes. If the desired color is not part of the standard selection, the client must provide a color code from an international palette, after which Yves Fouquet will prepare a sample for approval. In this case, the order cost increases by 3%.

Financial Terms

The invoice is issued in accordance with the rates effective at the time the order is placed. All payments are made in UAH based on the euro exchange rate on the payment date.

A 50% deposit is required to initiate production, issue technical documentation, and finalize sketches and drawings with the client. Design approval must be completed within one month following the initial deposit.

Full payment is required before furniture shipment, based on photo or video confirmation. For furniture requiring on-site assembly, 90% is paid prior to shipment, with the remaining 10% due after assembly and client acceptance.

Lead Time

The estimated lead time for order completion is up to 100 days for standard models. For custom orders, the production timeframe is agreed upon separately.

Delivery, Assembly, and Transfer of Goods

The cost of delivery to the client's address, as well as unloading and moving furniture into the premises, is not included in the order price unless specified in the production agreement.

Assembly of Furniture: Assembly of large models, such as large library cabinets and wardrobes, is included in the order price.

Inspection and Acceptance of Goods: The client should inspect the goods for damage, defects, or discrepancies upon receipt. Any claims must be documented in the shipping documents.

Warranty and Quality Obligations

The product warranty period is five years from the date of receipt.

Warranty obligations are void if the client fails to adhere to proper care and usage guidelines for wooden furniture. The furniture must be kept under normal temperature and humidity conditions; otherwise, the company is not responsible for changes in appearance or condition.

Умови продажу Yves Fouquet

Погодження з умовами

Оформлюючи замовлення, клієнт підтверджує свою згоду з наведеними умовами продажу.

Право на скасування

Клієнт може скасувати замовлення виключно у письмовій формі любим зручним способом щонайменше за 20 днів до початку місяця, у якому планувалася доставка меблів. У разі скасування аванс не повертається.

Індивідуальні замовлення

Меблі, виготовлені на замовлення за індивідуальними параметрами (колір, розміри, оздоблення, підгонка під інтер'єр), не підлягають поверненню чи обміну. Вартість таких замовлень розраховується індивідуально. Підготовка проекту оплачується окремо. По домовленості вартість проекту може бути зарахована в оплату замовлення після підписання угоди на виготовлення індивідуальних меблів.

Вибір кольору та ступеня старіння

Клієнт може обрати будь-який відтінок із стандартної палітри (близько 40 кольорів) та степінь зістарювання із 3х стандартних варіантів. Якщо бажаний колір не входить у стандартний асортимент, клієнт повинен надати артикул кольору по міжнародним палітрам, після чого компанія Yves Fouquet підготує зразок фарбування для затвердження. У цьому випадку вартість замовлення збільшується на 3%.

Фінансові умови

Рахунок виставляється відповідно до тарифів, чинних на момент оформлення замовлення. Усі оплати здійснюються у гривні з розрахунку ціни в євро за курсом на день платежу.

Початковий аванс у розмірі 50% є необхідним для початку виробництва, передачі технічної документації та затвердження ескізів та креслень із клієнтом. Узгодження дизайну має бути завершено протягом одного місяця після внесення попередньої оплати.

Повна оплата здійснюється перед відвантаженням меблів, на підставі фото- або відеозвіту. Для меблів, що потребують монтажу, перед відвантаженням оплачується 90%, а решта 10% — після завершення монтажу та прийняття клієнтом.

Терміни виконання замовлення

Час на виконання замовлення орієнтовний, але не може перевищувати 100 днів для стандартних моделей. Для індивідуальних замовлень термін виготовлення узгоджується окремо.

Доставка, складання та передача товару

Вартість доставки меблів на адресу клієнта, а також роботи з розвантаження та занесення у приміщення, не входять у вартість замовлення, якщо інше не зазначено в угоді на виготовлення меблів.

Складання меблів: Збірка габаритних моделей таких як великі бібліотечні шафи та гардероби включена у вартість замовлення.

Перевірка та приймання товару: Клієнт повинен оглянути товар на предмет пошкоджень, недоліків або дефектів під час отримання. Усі претензії слід зафіксувати у товаросупровідних документах.

Гарантія та якісні зобов'язання

Гарантія на продукцію діє протягом 5 років з моменту її отримання клієнтом.

Гарантійні зобов'язання втрачають силу у разі порушення клієнтом правил експлуатації дерев'яних меблів. Меблі повинні зберігатися у нормальних умовах щодо температури та вологості, інакше компанія не бере на себе відповідальність за зміни зовнішнього вигляду або стану товару.
